TAX LOGIX ©

Property Tax Collection Software

For almost 30 years, municipalities and school districts have benefited from purchasing this <u>affordable</u>, <u>proven</u>, and <u>locally-supported</u> software for use by their property tax collectors...

assuring more <u>timely</u> and <u>accurate</u> <u>collections</u> and <u>reporting</u>.

<u>Features</u> <u>include</u>:

- Standardizes and simplifies tax collections and reporting for Borough/Township, School District, and County Taxes (initial investment normally recovered during the first year of use)
- Interfaces with county records
- Access records by parcel number, owner name, property address
- 'Print Preview' function that allows the viewing of all printed reports on the screen prior to actual printing
- **Handles all areas of the collection process including:**
    - Printing of tax bills on laser printer forms (original or revised)
    - Tax exemptions and discounts (ex. Senior Citizen, Homestead)
    - Multiple millage types, rates, and due dates
    - Processing of payments for property tax and/or per capita taxes
    - Processing of property value assessment changes
    - Installment payments
    - Bar coding and scanning of original tax payments available
    - Deposit reporting
    - Refund reporting
    - Print Tax Registers
    - Print tax certification letters
    - Delinquency reporting, letters, and lien lists
- Unlimited years of payment and assessment history stored online
- Runs on all versions of Microsoft Windows®
- Can be customized to meet your specific needs and requirements
- ***<u>SIMPLE</u> <u>AND</u> <u>EASY</u> <u>TO</u> <u>USE</u>!***   *(FREE Demonstration Available)*
